Grand Canyon

3 DAY EXPEDITION

Your Grand Canyon vacation begins with a scenic flight from Las Vegas, over Lake Mead and the western section of the Grand Canyon. From the north rim of the canyon, you will delight in a thrilling helicopter ride from the remote landing strip down into the depths of the Grand Canyon on the edge of the Colorado River. Here, the Colorado River's famous rapids, though still exciting, are a bit tamer. Scenery in the lower 100 miles of the Grand Canyon is astounding. Massive sandstone cliffs conjure up imaginary shapes. Hidden waterfalls and pools carve their way down to the river. Wildlife is abundant, with frequent sightings of elusive Blue Heron, soaring hawks and eagles, and majestic Big Horn sheep. At night, the canyon walls unveil a heaven of innumerable stars. To top it off, Western's Grand Canyon 3-day rafting trip offers easy access from Las Vegas, Nevada. Come join Western River Expeditions on an incredible and unforgettable Grand Canyon journey. ✨

Itinerary & Travel Information

DAY ONE » Meet in the lobby of the Las Vegas Marriott Hotel at 6:00 AM where you'll take a short bus ride to the Boulder Terminal. Enjoy a beautiful flight from Las Vegas to Bar 10 Ranch on the rim of Grand Canyon. Shortly after your arrival at Bar 10, a helicopter will take you deep into Grand Canyon to join your welcoming crew and rafts. After orientation and introductions, you'll be on your way downriver surrounded by soul-stirring scenery. Hold on for Kolb and Mile 209 Rapids!

DAY TWO » Our J-Rig rafts enter awesome Lower Granite Gorge with a series of moderate rapids including Granite Spring, Diamond Creek and Travertine. We take some time to hike, explore and play at Travertine Grotto, a fantastic series of hidden waterfalls and pools. Next, run the biggest rapids of the trip, the "230's." After your day of adventure, you'll savor another delicious dinner at the river's edge and appreciate the unforgettable experience of sleeping under the stars.

DAY THREE » As you near Lake Mead, the river calms and the canyon widens. Savor your final morning in Grand Canyon as you head down river and across Lake Mead to where a shuttle will return you to Las Vegas. You will travel by way of the recently completed Mike O'Callaghan-Pat Tillman Memorial Bridge with views of the Hoover Dam. Your arrival time in Las Vegas will be approximately 3:00 PM.

Packing List & Travel Tips

DUFFLE BAG

All of your personal items should be packed into a soft-sided duffel bag approximately 12" x 13" x 24" in size. Due to aircraft weight allowances and raft space, please limit your gear to 20 pounds. There is also a beverage limit of no more than 5 pounds per person.

DAY BAG

Upon arrival to the river's edge, you will be provided a water-resistant day bag (approximately 7" x 13"). In this day bag, you will want to put those items you wish to access during the day (raingear, camera, gloves, sarong, medications, sun block, lip balm, river guidebook, etc). We recommend packing these items in a simple plastic grocery sack inside your duffel for easy transfer to your day bag at the launch site.

GEAR BAG

Also upon arrival at the launch site of your trip, you will receive a water-resistant gear bag. This bag will contain your sleeping bag, sheet and ground tarp. You will put your duffel bag inside this bag, roll the top down and clip it securely to avoid getting your personal gear wet. Your personal gear bag will be available at camp each night of your trip.

CLOTHING ITEMS

- Two-piece rain suit or "paddle gear"** (Not just for rainstorms - offers protection against the cold water and wind-chill when running rapids - especially early in the morning.)

Gratuities for guides are appropriate, greatly appreciated and at your discretion, as a gesture of thanks for their professionalism and service. The industry standard is 10-15% of the cost of the trip for the guides' good service. For excellent service, you may want to tip a larger amount. It is easiest for the guides if you give the tip in cash. If you are uncomfortable carrying a large amount of cash, you may make a check out to the Trip Leader. The common practice is to give the gratuity to the trip leader on the last night. It will later be divided equally with the rest of the crew).

General Information

BEVERAGES » Water and lemonade are available in unlimited quantities on the boats and in camp. Western does not provide beer, liquor, or soda pop. Guests arriving on the charter flight from Las Vegas must purchase beverages before leaving Las Vegas. These items are not available for purchase at Bar 10 Ranch. TSA regulations require that liquor be under 140 proof and stored in the original container. This must be purchased in Las Vegas and included in the 25 lbs limit per person. You may bring up to one-half case per person (12 cans) of beverage that is not included in the weight of your personal duffel.

VALUABLES » You will want to have photo ID, a major credit card, and some cash for gratuities. All other valuables and jewelry should be left at home or in a safety deposit box at your hotel. In addition, as a safety precaution we suggest that you not wear rings on the river. Also, each year a few of our guests traveling on airlines arrive without luggage. With this in mind, we suggest you carry with you medications, prescription glasses, and anything you may not be able to replace the evening before your trip departs.

EXTRA LUGGAGE » Transfer all your personal clothing and gear which you will need on the river expedition to a small lightweight duffel bag. Identify duffel bag with label, and leave any extra suitcases at your hotel. Guests of the Las Vegas Marriott, on 325 Convention Center Drive may leave their luggage at the hotel for a nominal fee per bag (non-guests slightly more). If you are staying at another property you should check with that hotel regarding luggage storage. Please **DO NOT BRING SUITCASES** on your river trip. As part of your camping equipment package, we provide a water-resistant bag in which you will place your duffel bag as well as the sleeping bag that we provide.

Physical Requirements for Rafting Trips

Our primary concern is participant safety. The nature of an outdoor adventure involves some physical exertion and also possible exposure to weather conditions that can fluctuate greatly due to heat, sun, wind, or rain. We do have experience accommodating persons with a wide range of physical challenges, disabilities, or medical and health conditions. However, we have found that for some people the fact of age, weight, lack of conditioning, heart or other disease, can endanger themselves, other guests or create additional hardship that diminishes the suitability or enjoyment of this type of vacation. Please consider these conditions in making your choice of river adventures. Please check with your physician prior to your trip if you have any medical or health condition or if you are taking any medications, and then notify us of how we can better help you with these conditions. In general, participants will need to meet the following physical requirements:

- » Fit into a Type 5 Life Jacket (maximum chest size is 52") required by the U.S. Coast Guard
- » Ability to securely grip ropes provided for handholds while running the rapids
- » Enough agility to climb on and off the rafts—this could be as much as a 2-3 foot reach and often on wet and slippery surfaces
- » Ability to navigate uneven terrain on hikes and in camp
- » Carry your own dry bag which will include your 20-pound duffel bag along with the sleeping bag and ground cover provided

Our principle objective is for you and your fellow guests to have an enjoyable and fulfilling experience. If you are concerned about any of these requirements, please call our friendly staff to further discuss which trip is right for you.

Our Waiver & Acknowledgement of Risks Form will more fully describe some of the inherent risks involved in these activities. We look forward to having you join us on the adventure of a lifetime.

"The most amazing adventure of a lifetime. The majesty of the Canyon is beyond anything I could have imagined and the hiking into the side canyons awesome. Our guides Johnny, Wiley, Nate and Patrick are people I will never forget. They were entertaining, knowledgeable, funny, the best cooks ever and just wonderful, wonderful people. The team on our rig were fabulous as well, again amazing and wonderful people. Thank you all so much, I had so much fun going down the rapids my sides ached from laughing and I dream of the day I will be able to return. This trip was out of this world and beyond my dreams."

Western's J-Rig Raft

Named after Western's founder, Jack Currey, the "J-Rig" is a patented craft offering the most flexible and comfortable ride on the river. If you're a thrill seeker, you can sit up front where the waves hit hardest, or ride aft for more protection. There are plenty of calm sections along the river where you can move freely around the boat and trade seating positions throughout the trip.

- A Whitewater "gusto" seating with safety lines
- B "Adventure" seating atop food coolers
- C Padded seating atop dry food storage boxes
- D Storage area for guest luggage and trip equipment
- E Ice water and lemonade coolers
- F 4-Cycle outboard motor provides quiet propulsion with low emissions
- G Extra motors and spare parts
- H First aid supplies and satellite phone
- I Compartmented neoprene rubber tubes have 20 separate air chambers and are capable of supporting 66,000 lbs.

"Your J-Rig and all of the equipment you supplied were top quality. The design of your J-Rig provided both maximum comfort for the less adventuresome and exhilarating thrills for the white water fans."

STUART, MEG, & ERIC - Missouri

A Typical Day on the River

After meeting your guides you will be given a trip orientation that will include how and where you can sit on the rafts, how to hold on, and safety precautions while on the river.

A typical day will include rafting for a few hours at a time, stopping for scenic side-canyon hikes, bathroom breaks, lunch and possible swimming opportunities. Visiting with new-found friends and learning river lore and geology from our well-trained guides adds to the enjoyment of each day.

After a full day of learning and fun we arrive in camp. Guests will be allowed to find their favorite campsite and then return to the rafts for the famous "fire line" - the way we load and unload rafts. Your help in passing the gear off the boat is greatly appreciated; however, if you have physical restrictions or limitations that would prohibit you from participating you are not required to help.

The first evening in camp, the guides will give a demonstration on how to easily assemble the cots and tents and will be available to help you if you need additional assistance. Western River provides cots, tents, sleeping bags, sheets, camp chair and water-proof gear bags for all guests. You'll have no need to worry about bringing any of your own camping equipment.

While you relax at the river's edge, your guides will prepare dinner. Every night is different, but the menu may include items such as grilled chicken breast, steak with sautéed onions, pasta or fresh fish.

At night, whether you choose to sleep in your tent or under the vast canopy of stars, the fresh night air and the rhythm of the river will lull you to sleep.

Each morning, your guides will prepare a delicious breakfast. You'll have a chance to enjoy eating before returning to your campsite to take down your tent and cot and pack up your belongings into your dry bag. After bringing your bag down to the boats, guests participate in the fire line once again and you are off on another fun-filled day of adventure.

Rafting Trips vs. Other Vacations

The setting and pace of a rafting adventure gives you something you don't find in other vacations. On a Western River Expedition, you will quickly discover why so many are calling this "the best vacation of their lives." It's the combination of drifting over tranquil pools of water under the shadows of towering rock formations, the exhilaration and thrill of rolling waves and crashing whitewater, the exploration of seldom-seen waterfalls and Native American history, the peaceful moments of reflection as you gaze up at the star-studded sky and the fresh feeling of renewal as the morning sun slowly filters through winding canyons. All this provides an indescribable sense of belonging. A sense of oneness with yourself and those around you. A sense of adventure, reflection and renewal. Come discover the difference.

"At 13 years old I went down the river with my parents on a Western River Expedition. Over the years many of my memories grew vague, and my dad passed away, but the magic of the canyon stayed with me, and I always knew I'd somehow find my way back. It took me 30 years and I'm sorry I waited so long. I felt like the tomboy little girl I used to be; swimming in icy waterfalls, climbing up rocks, daring myself to sit up front for the big rapids, picking out constellations from a sleeping bag and feeling in sheer awe at what a big, wonderful world we live in. It truly cleanses the soul. I feel as if I've left a piece of my heart down there. Thank you for the trip of a lifetime. We are forever grateful!"
