Grand Canyon
6 OR 7 DAY EXPEDITION

In the grandest canyon of the Colorado River, experience the excitement, serenity, joy and enchanting beauty of the river as it transforms this divine chasm and those who venture down it. Go Grand Canyon rafting 188 miles in 6 or 7 days, each day descending deeper into geologic time. The Grand Canyon is ever-changing, with massive walls that step back to expose eons of natural history, at one place dark and narrow, and at another lush with waterfalls thundering hundreds of feet in luminous free fall. Daily side hikes lead you to sparkling streams, pristine pools, green fern glens, and ancient Anasazi ruins. The astounding scenery through Grand Canyon National Park is enhanced by the thrill of over 60 rapids where Western’s unique J-Rig rafts will give you maximum excitement and safety.

Itinerary & Travel Information

DAYS ONE AND TWO » Meet your crew and rafts at 7:30 AM at Marble Canyon, Arizona, a dramatic launch point on the Colorado River (options for travel and accommodations described on next page). After a short ride to the river’s edge you’ll load your duffle into a dry bag, listen to a brief orientation from your guides and set off down the river. Drift lazily, relax, and then savor lunch on a white sand beach. Mighty House Rock Rapid and the Roaring 20’s set the pace for the next five or six days. Visit Vasey’s Paradise, a spectacular cascade of water that supports a lush hanging garden, and Redwall Cavern, a vast chamber carved by the river. Hike breathtaking side canyons or visit ancient Anasazi granaries.

DAYS THREE AND FOUR » As you descend down through the inner-gorge you’re on your way to Hance, Horn, Granite, Hermit and Crystal...all rapids respected for their huge waves. Western's knowledgeable guides lead short hikes to hidden Elves Chasm and to pounding Deer Creek Falls.

DAY FIVE » Spend some time exploring the azure green waters of renowned Havasu Canyon where countless tranquil pools beckon you to find your own private piece of this water paradise or explore other possible side canyons and waterfalls throughout this section of the canyon. After dining on Western's famous evening cuisine, capture the dazzling glow of the sun on the canyon's towering walls before it slips into the horizon.

DAY SIX OR SEVEN » Vulcan’s Anvil, a volcanic cone mid-river, signals the approach of Lava Falls, the Colorado River’s most notorious rapid. Late morning, you’ll meet your helicopter that will take you over the canyon rim to Bar 10 Ranch for a shower and lunch, before your return flight to Marble Canyon or Las Vegas.

Note: This itinerary is provided as a sample. Daily activities and sights will vary based on weather conditions and guide preferences. Itinerary will also vary based on length of trip selected (6 or 7 days).

Packing List & Travel Tips

**DUFFLE BAG**
All of your personal items should be packed into a soft-sided duffle bag approximately 12” x 13” x 24” in size. Mark it with your name. Due to aircraft weight allowances and raft space, please limit your gear to roughly 20 pounds, not including beverages.

**DAY BAG**
Upon arrival to the river’s edge, you will be provided a water-resistant day bag (approximately 7” x 13”). In this day bag, you will want to put those items you wish to access during the day (raingear, camera, gloves, sarong, medications, sun block, lip balm, river guidebook, etc). We recommend packing these items in a simple plastic grocery sack inside your duffle for easy transfer to your day bag at the launch site.

**GEAR BAG**
Also upon arrival at the launch site of your trip, you will receive a water-resistant gear bag. This bag will contain your sleeping bag, sheet and ground tarp. You will put your duffle bag inside this bag, roll the top down and clip it securely to avoid getting your personal gear wet. Your personal gear bag will be available at camp each night of your trip.

**CLOTHING ITEMS**
- Two-piece rain suit or “paddle gear” (Not just for rainstorms - offers protection against the 50°F cold water and wind-chill when running rapids - especially early in the morning.)
- 2-3 swimsuits (2-piece swimsuit and quick-drying shorts recommended for women)
- 2-3 quick-drying shirts, (long sleeved sunhoodies are breezy and effective sun protection)
- 2 pair comfortable shorts and underwear for camp
- 2 pair socks for use in case of sunburn or foot injury
- 1 pair quick-drying pants (optional - for sun protection)
- Lightweight fleece top
- Sturdy water sandals or multi-sport shoe that can get wet with good tread & support for hikes. It is wise to consider a backup pair of sandals or shoes in case of damage.
- Comfortable footwear for camp (some guests prefer to change out of wet sandals or shoes into flip flops or other light weight shoes)
- Hat for sun protection with string or hat clip
- Gloves for protection while gripping ropes

**PERSONAL ITEMS**
- Personal hygiene products - toothbrush, toothpaste
- Plenty of sunscreen & lip balm (limit aerosol spray cans to no more than one 16oz can per person)
- LavaLava/Sarong coverup (long cloth useful for sun cover, light towel, changing clothes under cover)
- After-sun moisturizing lotion

- Insect repellant (small container)
- Sunglasses with safety strap
- Camera - waterproof digital camera with extra batteries and memory. Phones as camera in waterproof cases/sleeves. Charging brick for phones recommended. (Cell service unavailable).
- Small travel pillow
- Medication if needed (cool storage is available)
- Major credit card and photo ID in case of evacuation and for souvenirs at Bar 10 Ranch
- Cash for gratuities (Your guides will make every effort to see that your trip is enjoyable and successful. Gratuities for guides are appropriate, greatly appreciated and at your discretion, as a gesture of thanks for their professionalism and service. The industry standard is 10-15% of the cost of the trip for the guides’ good service. For excellent service, you may want to tip a larger amount. It is easiest for the guides if you give the tip in cash. If you are uncomfortable carrying a large amount of cash, you may make a check out to the Trip Leader). The common practice is to give the gratuity to the trip leader on the last night. It will later be divided equally with the rest of the crew.

**COLD WEATHER ITEMS**
( Especially April, early May & late Aug-Sept)
- Neoprene socks for river - Wool socks for camp
- Stocking cap, fleece or wool gloves

Be Prepared for Any Weather:
Weather is always present on a river trip... Temperatures can fluctuate daily, and may even disobey predicted weather forecasts! It is wise to come prepared for anything, but we realize there are weight and size limitations for packing. While we cannot predict it all, hopefully we’ve given you the proper insights and information to prepare you for the adventure of a lifetime!

Rain Gear vs. Paddle Gear

**Key Feature:** Easy to wear, versatile, best in warmer weather and rain.

**PROS:**
- Keeps you relatively dry without the “sweat chamber effect”
- Blocks wind-chill after rapids
- Versatile purpose/easy to wear
- Best for rain, shields whitewater

**CONS:**
- Not waterproof during large rapids
- Getting cold can be a threat to fun

**Key Feature:** Neoprene rubber “gaskets” around wrists & neck. Best in cold weather & whitewater.

**PROS:**
- Nothing better for staying dry
- Ideal when weather remains cold
- Blocks water from all directions
- Best for whitewater

**CONS:**
- Hot & sweaty in warm weather
- Pullover style can be difficult
- Specialized purpose lacks versatility
- No hood for rainstorms

Physical Requirements for Rafting Trips

Our primary concern is participant safety. The nature of an outdoor adventure involves some physical exertion and also possible exposure to weather conditions that can fluctuate greatly due to heat, sun, wind, or rain. We do have experience accommodating persons with a wide range of physical challenges, disabilities, or medical and health conditions. However, we have found that for some people the fact of age, weight, lack of conditioning, heart or other disease, can endanger themselves, other guests or create additional hardship that diminishes the suitability or enjoyment of this type of vacation. Please consider these conditions in making your choice of river adventures. Please check with your physician prior to your trip if you have any medical or health condition or if you are taking any medications, and then notify us of how we can better help you with these conditions. In general, participants will need to meet the following physical requirements:

» Fit into a Type 5 Life Jacket (maximum chest size is 52”) required by the U.S. Coast Guard
» Ability to securely grip ropes provided for handholds while running the rapids
» Enough agility to climb on and off the rafts—this could be as much as a 2-3 foot reach and often on wet and slippery surfaces
» Ability to navigate uneven terrain on hikes and in camp
» Carry your own dry bag which will include your 20-pound duffle bag along with the sleeping bag and ground cover provided

Our principle objective is for you and your fellow guests to have an enjoyable and fulfilling experience. If you are concerned about any of these requirements, please call our friendly staff to further discuss which trip is right for you.

Our Waiver & Acknowledgement of Risks Form will more fully describe some of the inherent risks involved in these activities. We look forward to having you join us on the adventure of a lifetime.

General Information

BEVERAGES » Water and low-calorie lemonade are available in unlimited quantities on the boats, and in camp. Western does not provide beer, liquor, or soda pop. Each guest may bring one case (24) of additional canned beverages. For guests flying on the charter flight from Las Vegas to Marble Canyon, all beverages other than liquor must be purchased after your flight at the Service Station/Convenience Store across the street from the airstrip at Marble Canyon Lodge. Liquor is not available at the Marble Canyon Lodge, and must be purchased in Las Vegas before your flight. Liquor will be included in the 25 lbs limit per person. TSA regulations require that liquor be under 140 proof and stored in the original container. Glass containers of liquor may be stored in a protected place on the boats, but glass containers of beer and soda are not allowed. Please note that weight restrictions on our charter flights are implemented for safety reasons and should be closely followed.

VALUABLES » You will want to have photo ID, a major credit card, and some cash for gratuities. All other valuables and jewelry should be left at home or in a safety deposit box at your hotel. In addition, as a safety precaution we suggest that you not wear rings on the river. Also, each year a few of our guests traveling on airlines arrive without luggage. With this in mind, we suggest you carry with you medications, prescription glasses, and anything you may not be able to replace the evening before your trip departs.

EXTRA LUGGAGE » Transfer all your personal clothing and gear which you will need on the river expedition to a small lightweight duffle bag. Identify duffle bag with label, and leave any extra suitcases at your hotel. Guests of the Las Vegas Marriott may leave luggage at their hotel for a fee per bag (non-guests slightly more). If you are staying at another property you should check with that hotel regarding luggage storage. Please DO NOT BRING SUITCASES on your river trip - or duffle bags with hard bottom or wheels. As part of your camping equipment package, we provide a water-resistant bag in which you will place your duffle bag as well as the sleeping bag that we provide.

STUART, MEG, & ERIC - Missouri
A Typical Day on the River

After meeting your guides you will be given a trip orientation that will include how and where you can sit on the rafts, how to hold on, and safety precautions while on the river.

A typical day will include rafting for a few hours at a time, stopping for scenic side-canyon hikes, bathroom breaks, lunch and possible swimming opportunities. Visiting with new-found friends and learning river lore and geology from our well-trained guides adds to the enjoyment of each day.

After a full day of learning and fun we arrive in camp. Guests will be allowed to find their favorite campsite and then return to the rafts for the famous “fire line” - the way we load and unload rafts. Your help in passing the gear off the boat is greatly appreciated; however, if you have physical restrictions or limitations that would prohibit you from participating you are not required to help.

The first evening in camp, the guides will give a demonstration on how to easily assemble the cots and tents and will be available to help you if you need additional assistance. Western River provides cots, tents, sleeping bags, sheets, camp chair and water-proof gear bags for all guests. You'll have no need to worry about bringing any of your own camping equipment.

While you relax at the river’s edge, your guides will prepare dinner. Every night is different, but the menu may include items such as grilled chicken breast, steak with sautéed onions, pasta or fresh fish.

At night, whether you choose to sleep in your tent or under the vast canopy of stars, the fresh night air and the rhythm of the river will lull you to sleep.

Each morning, your guides will prepare a delicious breakfast. You’ll have a chance to enjoy eating before returning to your campsite to take down your tent and cot and pack up your belongings into your dry bag. After bringing your bag down to the boats, guests participate in the fire line once again and you are off on another fun-filled day of adventure.

Rafting Trips vs. Other Vacations

The setting and pace of a rafting adventure gives you something you don’t find in other vacations. On a Western River Expedition, you will quickly discover why so many are calling this “the best vacation of their lives.” It’s the combination of drifting over tranquil pools of water under the shadows of towering rock formations, the exhilaration and thrill of rolling waves and crashing whitewater, the exploration of seldom-seen waterfalls and Native American history, the peaceful moments of reflection as you gaze up at the star-studded sky and the fresh feeling of renewal as the morning sun slowly filters through winding canyons. All this provides an indescribable sense of belonging. A sense of oneness with yourself and those around you. A sense of adventure, reflection and renewal. Come discover the difference.

“
At 13 years old, I went down the river with my parents on a Western River Expedition. Over the years many of my memories grew vague, and my dad passed away, but the magic of the canyon stayed with me, and I always knew I’d somehow find my way back. It took me 30 years and I’m sorry I waited so long. I felt like the tomboy little girl I used to be, swimming in icy waterfalls, climbing up rocks, daring myself to sit up front for the big rapids, picking out constellations from a sleeping bag and feeling in sheer awe at what a big, wonderful world we live in. It truly cleanses the soul. I feel as if I’ve left a piece of my heart down there. Thank you for the trip of a lifetime. We are forever grateful.
