3 OR 4 DAY LODGE TO LODGE EXPEDITION

With legendary American West appeal, stemming from deep roots in river rafting lore, the lodge to lodge Rogue River rafting trip delivers a perfect blend of wildlife and wilderness with the cozy charm of cabin comforts like your own room and private bathroom. Cascading down the lush Pacific face of snow capped volcanic peaks, the Rogue River tumbles toward the Oregon Coast with the playfulness of the friendly river otters that make their home on the Rogue. Wildlife such as deer and black bear thrive in this congressionally designated Wild & Scenic river ecosystem. Comfortable water temperatures invite you to swim and play, splashing through Class II - IV rapids for your choice of 3 or 4 days. ❁

Itinerary & Travel Information

Guests take a lunch break and walk around a Class V rapid named Rainie Falls. Afternoon hours are spent splashing through several more Class II and Class III rapids. Black Bar Lodge awaits your arrival with hors d'oeuvres, complimentary regional wine, beer and sodas. Enjoy a hike that evening to a spectacular waterfall in the dense Oregon forest.

DAY THREE » On a 3-day/2-night expedition, you'll encounter the most spectacular of the Rogue River rapids on Day 3. Mule Creek Canyon, Blossom Bar, and Devil's Staircase are all Class IV rapids. More rapids lengthen out the day with a calmer side. *Expect to arrive at Foster Bar take-out around 3:00 PM (PST) where vans are ready to take you back to Morrison's Lodge. Making the Most of Oregon:

Oregon has a lot to offer in the way of scenic vistas, and iconic geographic landmarks - definitely worth a few extra days on a road trip to and from your Merlin, Oregon destination. [See Page 12](#)

A Typical Day on the River

After meeting your guides you will be given a trip orientation that will include how and where you can sit on the rafts, how to hold on, and safety precautions while on the river.

A typical day will include rafting for a few hours at a time, stopping for scenic side-canyon hikes, bathroom breaks, lunch and possible swimming opportunities. Visiting with new-found friends and learning river lore and geology from our well-trained guides adds to the enjoyment of each day.

The Rogue River in Oregon is designated "Wild & Scenic" so there will be plenty of wildlife sightings in a typical day. The Rogue River has "pool and drop" characteristics. This means there's a long pool of calm water followed by a rapid. Not long after launching, we run several playful rapids that give a fun, roller coaster ride, a taste of what's to come.

Around 4:00 PM (PST) we arrive at each lodge with plenty of free time for hiking, fishing, reading or just relaxing. Hors d'oeuvres are served at each lodge and dinner is served family style around 7:00 PM. The Oregon sky darkens and the first shimmering stars appear, inviting contemplation on the day and conversation with friends, new and old.

We awake around 7:00 AM (PST) and enjoy fresh-brewed coffee. Breakfast is served and you pack up your personal gear. The rafts are loaded and we depart from the lodge around 9:30 AM (PST) for an adventure-packed day of rapids, magnificent scenery and fun.

Rafting Trips vs. Other Vacations

The setting and pace of a rafting adventure gives you something you don't find in other vacations. On a whitewater rafting trip, you will quickly discover why so many are calling this "the best vacation of their lives." It's the combination of drifting over tranquil pools of water between verdant forested slopes, interspersed with rocky gorges and the exhilaration and thrill of rolling waves and crashing whitewater, the exploration of seldom-seen waterfalls and unique human history, the peaceful moments of reflection as you gaze up at the star-studded sky and the fresh feeling of renewal as the morning sun slowly filters through winding canyons. All this provides an indescribable sense of belonging. A sense of oneness with yourself and those around you. A sense of adventure, reflection and renewal. Come discover the difference.

Expedition Partners

ROW Adventures owns the river permits for the area you've chosen to explore. Western River Expeditions' friendship with ROW Adventures allows us to offer a wider variety of river expeditions in the west at the same rates as the trip operator. We are proud to work with ROW Adventures and are confident that you'll enjoy their hospitality and quality of river experience.

"Our trip was amazing! I felt like a kid again. The guides were wonderful and really helped make the experience a great one. I would love to do this again!"

DONNA - New York City

"AMAZING!!! The trip itself was awesome: beautiful scenery, exciting rapids, awesome night skies....but really, it was the people that made the trip what it was! Fellow rafters: an extraordinary group of folks from all over the US, we really melded into a river "family"! The crew took such great care of all of us, were knowledgeable about the river, and were entertaining, fun, and funny!! This was definitely a trip to remember. I'm feeling a bit of post-river withdrawals, but thinking back on the great times we all shared, makes me smile all over again! If you're considering doing a raft trip with Western, don't hesitate!! You'll be so glad you did!"

QUINN - Bend, Oregon

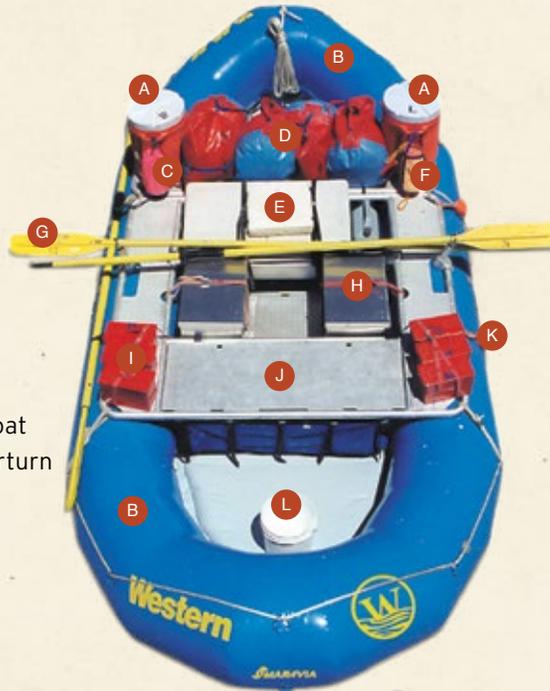

Rafts on the Rogue River

The Rogue River offers the opportunity to paddle your own inflatable kayak, enjoy the excitement of a paddle raft, or ride aboard a comfortable oar rig piloted by your skilled guides.

The Oar Rig

Your guides will adeptly maneuver four to six passenger oar rigs. These specially designed 18-foot boats offer a comfortable ride and are "self-bailing" which means that any water that comes into the raft immediately flows back out.

- A** Ice water

...and water fighting

"From the time I registered for the trip until well after, I have been greeted with the highest level of professionalism and warmth. My trip was on the Rogue River and it was a stellar example of rafting. We had the advantage of staying in lodges for this trip. The time on the water was very safe and the guides are quite knowledgeable about the sights along the way."

STAN - New York

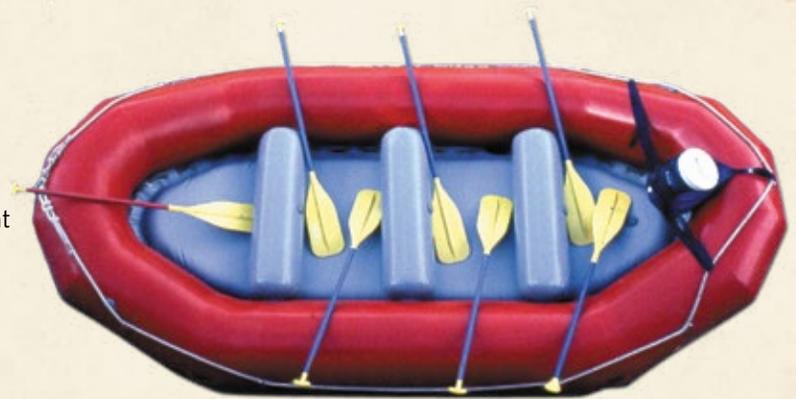

Inflatable Kayak

Available only at the guide's discretion, these two-person inflatable kayaks let you challenge the rapids on your own. They also provide a peaceful and relaxing way to recline and gaze up at the spectacular scenery in the calm stretches of river. If you've never paddled before, acquiring some basic paddle skills with the help of a guide takes only a few minutes.

Paddle Raft

In conjunction with our Oar rigs, Rogue River trips also offers paddleboats which provide "hands-on" excitement in conquering the waves with a spirited team of 6 rafters. Paddlers need not have any prior experience as your guides will provide ample instruction and ensure everyone's success.

Black Bar Lodge

Lodges on the Rogue River

The Rogue River is a wilderness area, filled with the wildlife and scenery you'd expect to find in the wild. However, there are a number of remotely accessed cabins or lodges along the river that were in place before it was congressionally designated as a "Wild & Scenic" waterway. Nowhere else in the United States can you raft a wilderness of river and stay in a comfortable lodge each night. Each lodge is owned separately, each with its own unique history.

Your personal gear will be transported to each cabin or lodge each night of your trip. All bedding will be provided by the lodge operators each night.

To give you the opportunity to go hiking, fishing, read a book, etc., we generally arrive no later than 4:00 PM (PST). Around 5:30 PM, we serve hors d'oeuvres with dinner following around 7:00 PM.

- » **MORRISON'S ROGUE RIVER LODGE (Built 1943)** Pre-trip orientation is held at Morrison's. You can opt to stay here, or at any nearby facility, such as the Galice Resort, the night before your rafting adventure.
- » **BLACK BAR LODGE (Built 1935)** will greet you after the first day of excitement on the river. This lodge originally catered to the miners and packers who moved up and down the Rogue in the 1940's.
- » **MARIAL LODGE (Built 1903)** was originally built as a small post office, along a mule route up and down the canyon. The Post Office closed in 1954, and was one of the last post offices served by mule train in the U.S. It has since seen a number of upgrades from its Postal past.
- » **HALF MOON BAR LODGE (Built ca. 1920)** The shelf of land on the Rogue River where Half Moon Bar Lodge sits was first occupied by Native Americans. The bounty of the river and fertile soil supported a small community for generations. In 1920, the property was homesteaded by Andy Huggins. He built a small cabin and lived here until his death in 1951. A series of owners have lived on the property since then. In anticipation of the Wild and Scenic Rivers Act of 1968, the Norfleet family expanded the footprint from a small cabin to the lodge as it exists today.

"The experience was absolutely unique and to quote my teenage sons, 'totally awesome.' We learned, were thrilled with the whitewater, made new friends, ate like kings and most importantly-totally relaxed."

JOE - New York

Physical Requirements for Rafting Trips

Our primary concern is participant safety. The nature of an outdoor adventure involves some physical exertion and also possible exposure to weather conditions that can fluctuate greatly due to heat, sun, wind, or rain. We do have experience accommodating persons with a wide range of physical challenges, disabilities, or medical and health conditions. However, we have found that for some people the fact of age, weight, lack of conditioning, heart or other disease, can endanger themselves, other guests or create additional hardship that diminishes the suitability or enjoyment of this type of vacation. Please consider these conditions in making your choice of river adventures. Please check with your physician prior to your trip if you have any medical or health condition or if you are taking any medications, and then notify us of how we can better help you with these conditions. In general, participants will need to meet the following physical requirements:

- » Fit into a Type 5 Life Jacket (maximum chest size is 52") required by the U.S. Coast Guard
- » Ability to securely grip ropes provided for handholds while running the rapids
- » Enough agility to climb on and off the rafts—this could be as much as a 2-3 foot reach and often on wet and slippery surfaces
- » Ability to navigate uneven terrain on hikes and in camp
- » Carry your own dry bag which will include your 20-pound duffel bag along with the sleeping bag and ground cover provided

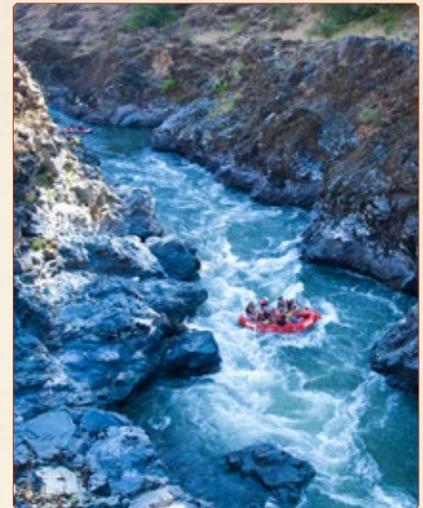

Our principle objective is for you and your fellow guests to have an enjoyable and fulfilling experience. If you are concerned about any of these requirements, please call our friendly staff to further discuss which trip is right for you.

Our Waiver & Acknowledgement of Risks Form will more fully describe some of the inherent risks involved in these activities. We look forward to having you join us on the adventure of a lifetime.

Weather

We always hope for good weather but you should be prepared for the possibility of cooler weather and storms. This is applicable to all trips throughout the season. The following chart shows averages for the months of May through October. Temperatures and precipitation will vary. A rain storm or a cool front can happen anytime. "I had a great time on this trip, I would recommend this trip to anyone. The guides were unbelievable, they made the trip even better. Their knowledge of the river and the canyons were second to none. Besides their knowledge, the guides were alot of fun to talk with and listen to their stories. I expected to have a good time on the trip, and my expectations were met tenfold."

Making the Most of Your Visit to Oregon

Whether you choose to fly into Portland, Oregon International Airport (PDX), or Medford International (MFR) in southern Oregon, you may want to consider adding a road trip to visit some of the other iconic landmarks and vistas during your visit to Oregon. You could spend a month exploring and still not take it all in, but below is a sampling of sights you may want to plan to see along with your Rogue River rafting adventure.

OREGON COAST "THE PEOPLE'S COAST"

Called "The People's Coast" because all 363 miles of Oregon's coastline has been designated as public land, available for all to enjoy. Rugged cliffs, historic lighthouses, verdant forests, spectacular coastal scenery, impressive sand dunes and vast sandy beaches await you along the Pacific Coast Scenic Byway, US Highway 101. Recreational opportunities include hiking, fishing, cycling, beachcombing, whale and bird watching and much more. Along the way you will find art galleries, festivals and aquariums in the towns that dot the coast.

CRATER LAKE NATIONAL PARK

For hundreds of years, Crater Lake has inspired people with its combination of water and mountains. With excellent trails, boat tours on the lake and a historic lodge, there are many ways to enjoy this natural wonder created some 7,700 years ago when volcanic Mount Mazama collapsed after a monstrous eruption. This "caldera lake" is one of the deepest lakes in the world, with some of the clearest water as well. It is located just under two hours from the Medford airport, and two and half hours from our Rogue River meeting point in Merlin, Oregon.

OREGON CAVES NATIONAL MONUMENT This fabulous but little known National Monument offers a wide range of activities including the main highlight, a tour through an active marble cave that has been created by natural forces over the course of millions of years. On these ranger-led hikes, you learn about the geology, fossils, cave ecosystems, bats and much more. Above ground, there's more to explore including a remnant of old-growth coniferous forest, home to an astounding array of plants, and a Douglas-fir tree with the widest known girth in Oregon.

SOUTHERN OREGON WINE COUNTRY With a warm, dry climate that is considered to be similar to the Bordeaux region of France, this is one of the warmest growing regions in Oregon. There are some 60 wineries and most are open for tastings and visits. If you don't have time to visit them all, focus on the Applegate Valley Wine Trail where you'll find proof that there's more than Pinot Noir in Oregon.

NOTES:
